Jopex

Exhausts & body parts

JP GROUP COMPANY

For about 50 years JP Group a/s and our manufacturing company Johs. Pedersen a/s have been recognised worldwide by enthusiasts with the high quality brands:

within spare parts for VW, Porsche and Mercedes aftermarket.
Furthermore, during 2020 we made a strategic distribution alliance with EMPI regarding European master distribution of the famous EMPI range of accessories and performance parts. This now also includes the entire PMO carburator range. Our consolidated range thereby consists of more than 11.000 part numbers for above mentioned classic cars and is constantly expanding.

A STRONG FAMILY AND AN EXTENSIVE PRODUCT RANGE

With our extensive in-house production, we are also proud of being OE manufacturer, and our product range covers high quality components for a very wide spectrum of product groups. Main focus in our production is OE quality metal stamping parts such as exhaust, heat exchangers, body parts, fuel and oil tanks and a wide range of technical CNC machined classic spare parts.

In our factory situated in Viborg in the very centre of Jutland, Denmark, we focus on importing a range of product groups from worldwide classic parts production partners, whom we have granted approval of manufacturing our parts. Many are existing or former OE industries, who provide us with parts for various product groups like engines, brakes, interior and exterior parts, steering and suspension as well as an electrical parts range.

CONSTANT NEW DEVELOPMENTS

Our R&D (Research & Development) work closely together with our classic product management. Based on parts, which are no longer available, and based on valued customers feedback we develop and add to the classic range on a constant basis. This leads to introducing a vast number of new parts for classic cars every year. Many of those new parts are hard-to-find spare parts or even NOS (New Old Stock) parts, which JP Group offers on an exclusive basis - all of which leads to keeping both Oldtimer & Youngtimer cars in operation.

THE CLASSIC VW RANGE

- T1 Beetle
- T1 Transporter Bus
- T2 Transporter Bus
- T3 Transporter Bus
- T4 Transporter Bus
- Golf I & II
- Karmann Ghia

SERVICE

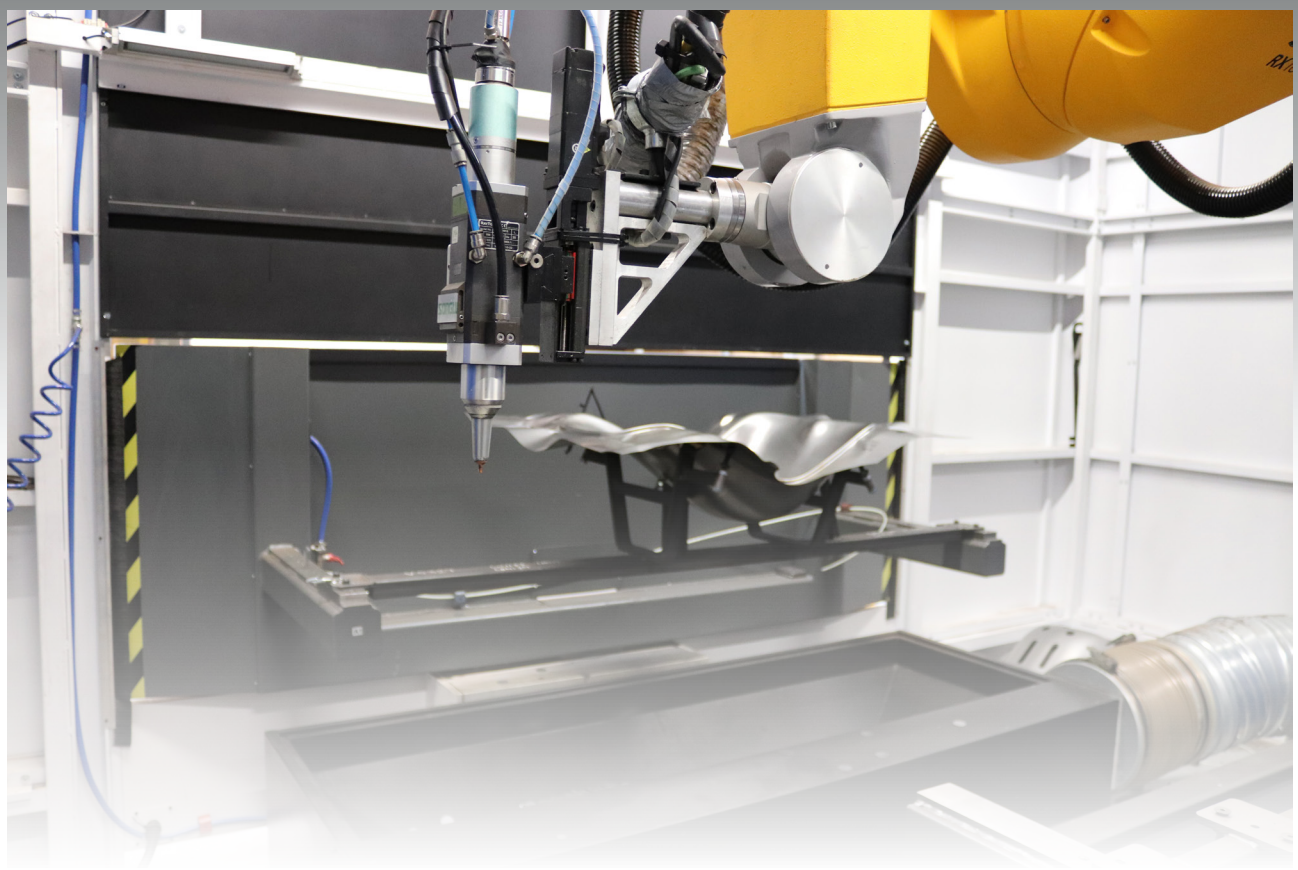
Quick and professional export delivery worldwide.
Our packaging expertise combined with our experienced and skilled personnel, guarantees quick and reliable service. You will not only receive your order quickly, but each product will arrive safely, in a high quality package.

HIGHEST QUALITY SPARE PARTS

- AT A FRACTION OF THE COST!

Our highly skilled technical quality departments ensure a constant focus on a first class quality level.
Global sourcing from OEM manufacturers supplying worldwide to the passenger car industry!
Extensive engineering and R&D department developing and testing performance and sports exhaust systems, metal body parts etc. We produce our own products in several countries for both the OES and aftermarket spare parts for passenger cars and light commercial vehicles.

Focus on quality: To meet the expectations of our customers and to ensure a high quality of all our products, we have established quality departments in Denmark and other key supplier countries. We also conduct sample tests and provide long-term installation in cars. Our processing and handling of customer data is GDPR (General Data Protection Regulation (EU regulation)) compliant. Last but not least our quality system is certified with ISO 9001.



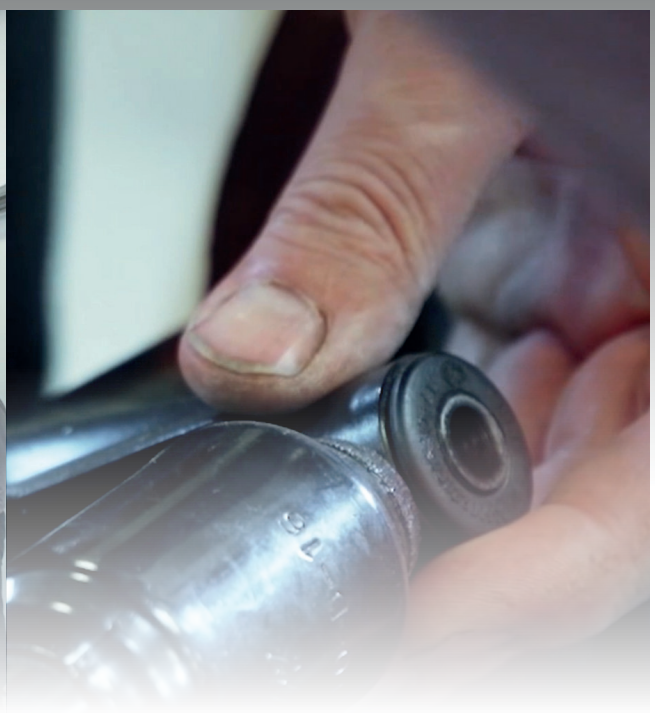
PRODUCTION FACILITIES

Our production in Denmark is 15,000 m2 equipped with the most modern hightech 3D laser cutting robots as well as fully automatic welding robots. We produce in aluminized and stainless materials. Most of our exhaust boxes and body parts are produced with semi-automatic hydraulic presses. Alongside hand craftmanship this insures the original design and high quality level.

ABB

WAREHOUSE/LOGISTICS

25,000 m^2 modern warehouse with the newest technology in picking/handling spare parts. More than 1,2 million picks are executed per year.



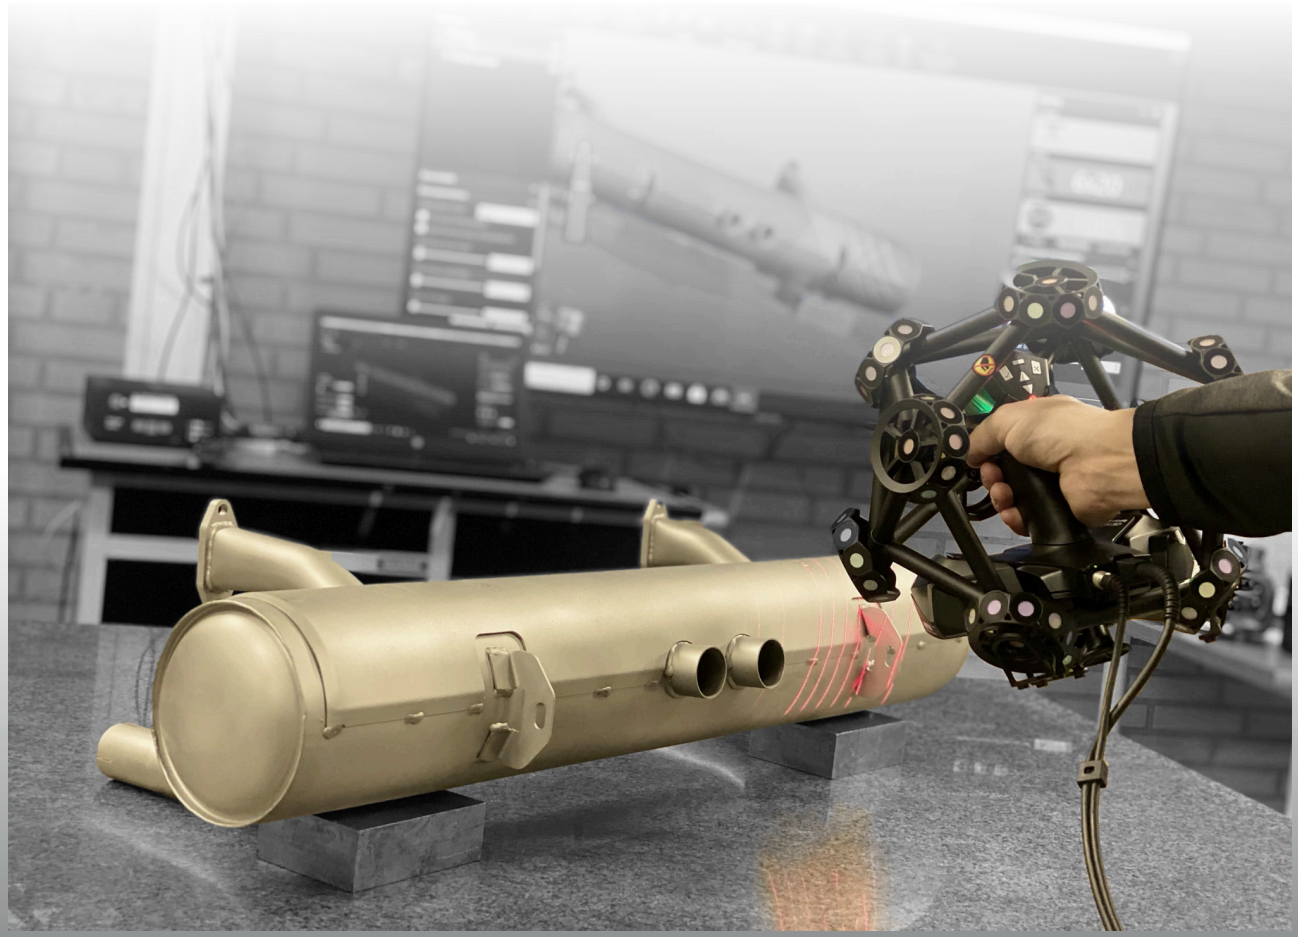
TEST FACILITIES

We have our own in-house development and testing center for both durability and performance testing. A roller-dyno allows not only performance testing, but also ensures the right back pressure is kept and thereby secures maximum engine life time.

3D CENTER

We are utilising the latest technology in our development and production by means high-tech complex 3D scanning and printing equipment, which can be considered as the platform and as the basic foundation for producing tools in a faster and more economical way than the traditional way of doing a tooling-up process.

In addition the 3D method is used to validate ongoing production to ensure all specifications and tolerances are kept and respected.



SHOWROOM

Photos from our 1.200 m^2 state of the art showroom in our headquarter in Viborg, Denmark. We exhibit different classic cars. The cars are being used for development and testing purposes in our development and testing center.

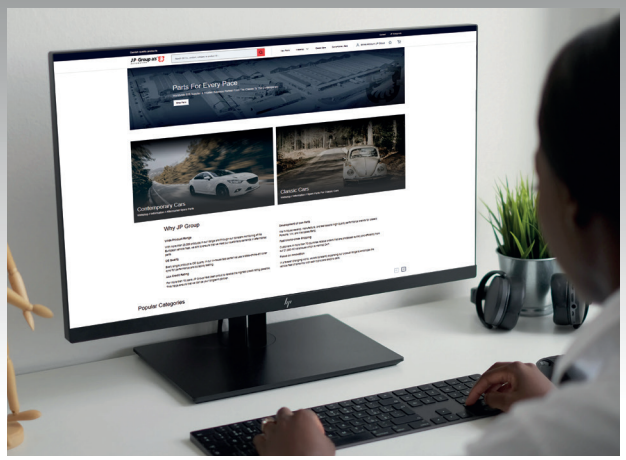
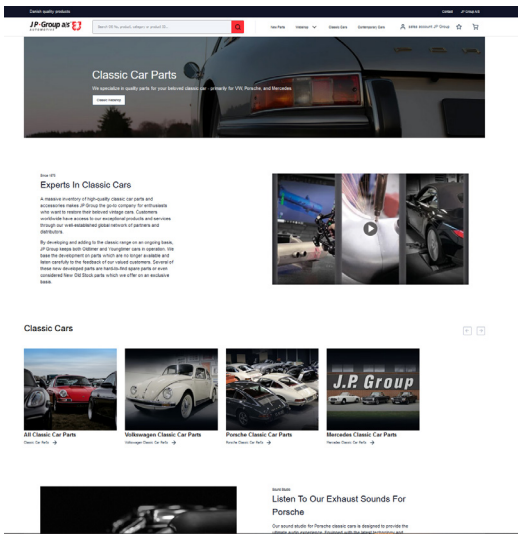
WEBSHOP/WEBSITE



Our new webshop contains more than 8.000 Classic spare parts! As a B2B customer you get easy access to the parts, prices, uploads and more advantages:

- Extensive filter search - the most sophisticated and detailed search structure available in the industry
- Search on exact part no., OE ref., text etc.
- Easy ordering, upload of Excel files
- Favorite
- Stock watch list
- Back orders and much more...



As a customer you can get our API solution which gives you the full data package with automatic updates, so you will be totally updated at all times with assortment, news, product photos etc..

Our support team is always ready to help you with questions and will help you in any way possible.

SOCIAL MEDIA

@jpgroupclassic

@danskoriginal

Scan and follow JP Group on social media. We share news and updates from our own production, installation videos, stories from the daily work with our Classic brands and products and much more.

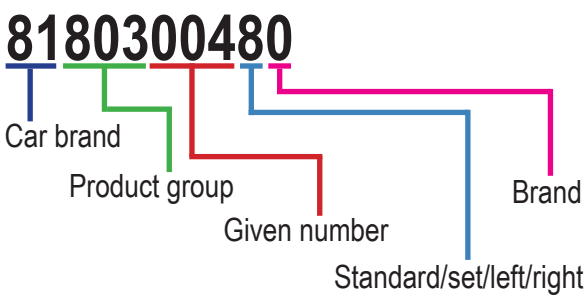
OEM NUMBERS

We do a detailed research in order to find original and other well-known brand part numbers to add to our administrative system as valid cross reference no., so whenever available we specify the original manufacturer no. However, please note that OEM no. are only for your convenience and are for reference only and not to be understood as an OEM part! The entire classic catalogue is also fully and even more updated on our website www.jpgroupclassic.com. Please choose your vehicle VW, Porsche or Mercedes and then enter no. according to the below structure.

PART NUMBER SYSTEM

The JP Group part no. consists of 10 digits, e.g. 8180300480.
Digits 1 and 2 (81) indicate the main car make, in this case VAG Classic.
Digits 3, 4 and 5 (803) indicate the product group, in this case wing, front.
Digits 6, 7 and 8 (004) indicate the given part number. Numbers from 1 to 500 refers directly to the product group. Numbers from 501-999 cover items related to the product group.
Digit 9 indicates whether it is standard, set, left or right, in this case the right side:
0 = Standard
1 = Set
5 = Left set
6 = Right set
7 = Left
8 = Right

Digit 10 indicates the product brand:
0 = Classic brands
1 = Classic brands
2 = Premium brand
3 = Alternative brand
4 = Alternative brand
5 = Alternative brand
6 = No name brand
7 = Premium brand
8 = EMPI (Empi, PMO, JayCee or Bugpack)



Example:

- 81 = VAG Classic
- 803 = Wing, front
- 004 = Given part number
- 8 = Right
- 0 = Brand
