JP GROUP COMPANY

A STRONG FAMILY

Based in Viborg, Denmark, JP Group a/s has been a 100 % family-owned company since the foundation in 1975. Today, JP Group is one of the world's leading companies on the aftermarket, producing and selling high-quality spare parts and accessories for European and Asian cars to customers in more than 90 countries. Our product range covers more than 25,000 item numbers, which all follow strict OE quality standards. Moreover, we are one of the preferred suppliers of exclusive spare parts and accessories for classic cars from Volvo, Volkswagen and Porsche.

EXTENSIVE PRODUCT RANGE

Our product range covers high-quality components for a very wide spectrum of vehicles as e.g. brakes, filters, steering and suspension parts, rubber metal parts, electrical parts, starters, turbo chargers, water pumps and many others. Furthermore, we produce high-quality exhaust systems and body parts in a Viborg-based factory of our associate company Johs. Pedersen a/s. Apart from own production, we import spare parts from major manufacturers in more than 45 different countries.

FOCUS ON QUALITY

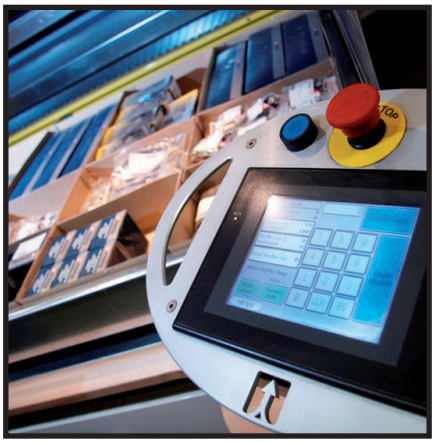
To meet the expectations of our customers and to ensure a high quality of all our products, we have established quality departments in Denmark and China. We also conduct sample tests and provide long-term installation in cars. Our processing and handling of customer data is GDPR (General Data Protection Regulation (EU regulation)) compliant. Last but not least our quality system is certified with ISO 9001.

CONSTANT DEVELOPMENT

With a total of more than 42.000 m^2 for production and warehouse facilities, we can guarantee a high delivery rate within all product categories. As a major step towards our future development and to be as close to our customers as possible, we have expanded our international sales team. Today, we have 17 highly-trained sales managers around the world. We also support our customers with a variety of different sales and marketing materials. We offer brochures for all product categories as print and online version – including the possibility to generate personal catalogues. The complete assortment is also available on our webshops and our website: www.jpgroup.dk.

SERVICE

Quick and professional export delivery worldwide.
Our packaging expertise combined with our experienced and skilled personnel, guarantee quick and reliable service.
You will not only receive your order quickly, but each product will arrive safely at your address, in a high quality JP packing.



HIGHEST QUALITY SPARE PARTS - AT A FRACTION OF THE COST!

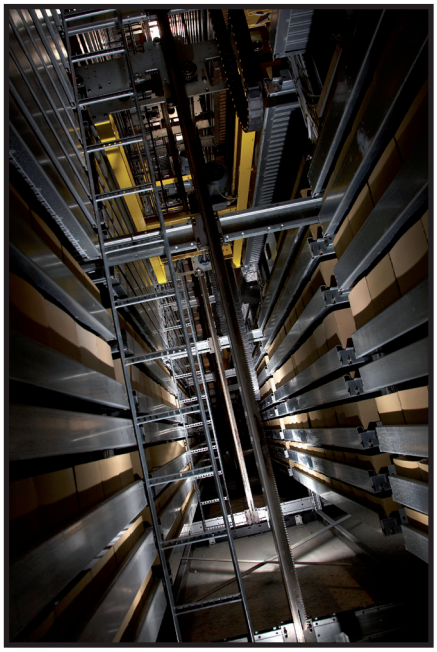
Our highly skilled technical quality departments ensure a constant focus on a first class quality level.
Global sourcing from OEM manufacturers supplying worldwide to the passenger car industry!
Extensive engineering and R&D department developing and testing exhausts, flexible pipes, manifolds and catalytic converters.
We produce our own products in several countries for both the OES and aftermarket spare parts for passenger cars and light commercial vehicles.

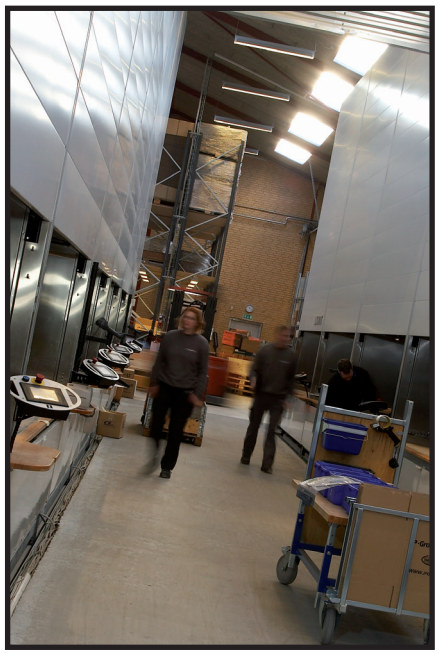
PRODUCTION FACILITIES

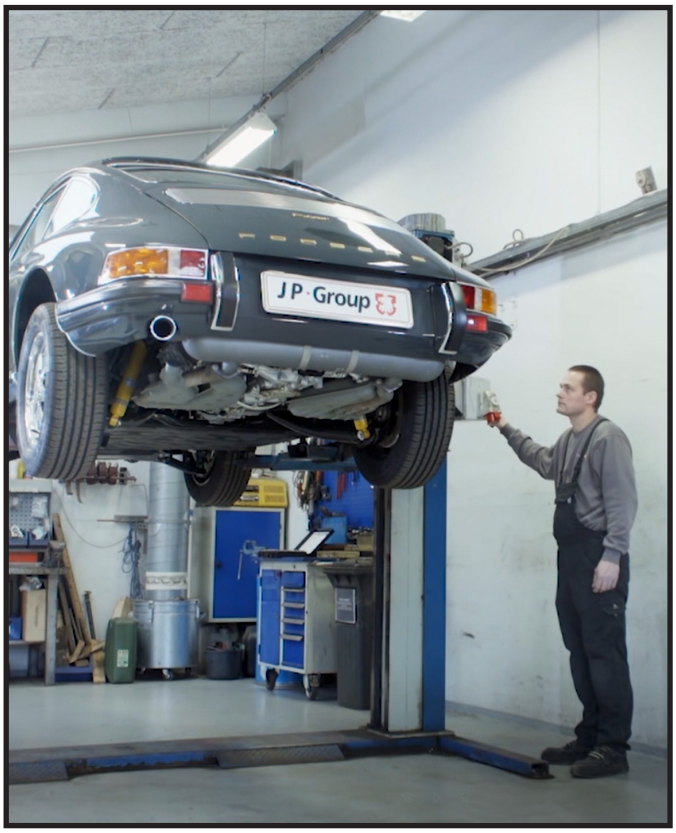
Our production in Denmark is 15,000 m2 equipped with the most modern hightech 5D laser cutting robots as well as fully automatic welding robots. We produce in aluminized, stainless and titanium materials. Most of our exhaust boxes and metal stamping parts are produced with semi-automatic hydraulic presses to insure the original design.

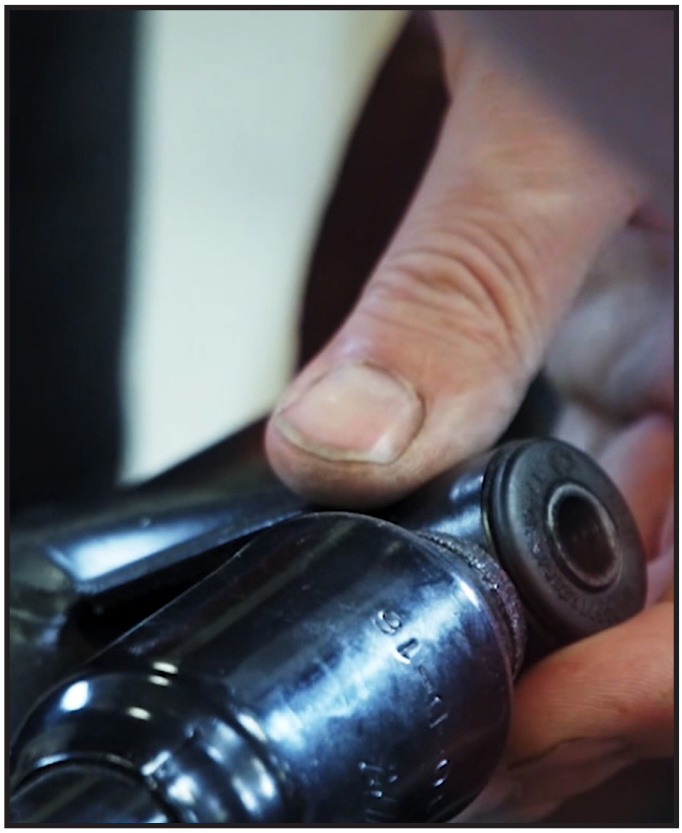
WAREHOUSE/LOGISTICS

21,000 m^2 modern warehouse with the new technology in picking/handling spare parts for passenger cars.
More than 1 million picks are executed here per year.









TEST FACILITIES

We have our own in-house development and testing center for both durability and performance testing.

SHOWROOM

Photos from our 1.200 m^2 state of the art showroom in our headquarter in Viborg, Denmark. We exhibit different classic cars. We use them for development and testing purposes in our development and testing center.

3D CENTER

The latest technology has been implemented by investing in 3D scanning and printing and it all takes place here at the 3D Center.

THE JP GROUP PART NUMBERS

NUMBER STRUCTURE

- The JP Group part no. consists of 10 digits, e.g. 81 206 015 00.
- Digits 1 and 2 (81) indicate the car make, in this example VAG CLASSIC.
- Digits 3, 4 and 5 (206) indicate the product group, in this case Rear exhaust.
- Digits 6, 7 and 8 (015) indicate the given part number.
- Numbers from 1 to 500 refers directly to the product group.
- Numbers from 501-999 cover items related to the product group.
- Digit 9 indicates whether it is standard, set, left or right: 0 = Standard
- Digit 10 indicates the product brand: 0 = JP brand 1 = Set
  1 = JP brand 5 = Left set
  6 = Right set
  7 = Left
  8 = Right
