REPLACEMENT PARTS AND ACCESSORIES

JP GROUP COMPANY - DENMARK

For more than 40 years JP Group a/s and our manufacturing company Johs. Pedersen a/s have been recognised worldwide by enthusiasts with the high quality brands

and spare parts for VW and Porsche aftermarket.

During 2020 we launched an extensive range of Volvo classic parts

Finally, in late 2020 we made a strategic distribution alliance with

regarding European master distribution of their range of accessories and performance parts.

Our product range now covers more than 8.000 part numbers for classic cars mentioned earlier.

A strong family and an extensive product range

With our extensive JP production, we are also proud of being OEM manufacturer, and our product range covers high quality components for a very wide spectrum of product groups. Main focus in our production is OEM quality metal stamping parts such as exhaust, heat exchangers, body parts, fuel and oil tanks and a wide range of technical CNC machine classic spare parts.

In our factory situated in Viborg in the very centre of Jutland, we focus on importing a range of product groups from worldwide classic parts manufacturers. Many are existing or former OEM industries, which provide us with parts for various product groups like engines, brakes, interior and exterior parts, steering and suspension as well as an electrical parts range.

CONSTANT NEW DEVELOPMENTS

Our RND works closely together with our classic sourcing department. Based on parts, which are no longer available, and based on our valued customers feedback we develop and add to the classic range on a constant basis. This means more than 150 interesting new items for classic cars every year.

SERVICE

Quick and professional export delivery worldwide.

Our packaging expertise combined with our experienced and skilled personnel, guarantees quick and reliable service. You will not only receive your order quickly, but each product will arrive safely, in a high quality package.

HIGHEST QUALITY SPARE PARTS

- AT A FRACTION OF THE COST!

Our highly skilled technical quality departments ensure a constant focus on a first class quality level.

Global sourcing from OEM manufacturers supplying worldwide to the passenger car industry! Extensive engineering and R&D department developing and testing performance and sports exhaust systems, metal body parts etc. We produce our own products in several countries for both the OES and aftermarket spare parts for passenger cars and light commercial vehicles.

Focus on quality: To meet the expectations of our customers and to ensure a high quality of all our products, we have established quality departments in Denmark and other key supplier countries. We also conduct sample tests and provide long-term installation in cars. Our processing and handling of customer data is GDPR (General Data Protection Regulation (EU regulation)) compliant. Last but not least our quality system is certified with ISO 9001.

PRODUCTION FACILITIES

Our production in Denmark is 15,000 m² equipped with the most modern hightech 5D laser cutting robots as well as fully automatic welding robots. We produce in aluminized and stainless materials. Most of our exhaust boxes and body parts are produced with semi-automatic hydraulic presses to insure the original design and high quality level.

WAREHOUSE/LOGISTICS

25,000 m² modern warehouse with the new technology in picking/handling spare parts for European classic cars, such as Volkswagen, Porsche and Volvo.
More than 1,2 million picks are executed here per year.

TEST FACILITIES

We have our own in-house development and testing center for both durability and performance testing.

3D CENTER

We have now implemented the latest technology in our development and production by investing in a complex 3D scanning and printing equipment, which can be considered as the platform and as the basic foundation for producing tools in a faster and more economical way than the traditional way of doing a tooling-up process.

SHOWROOM

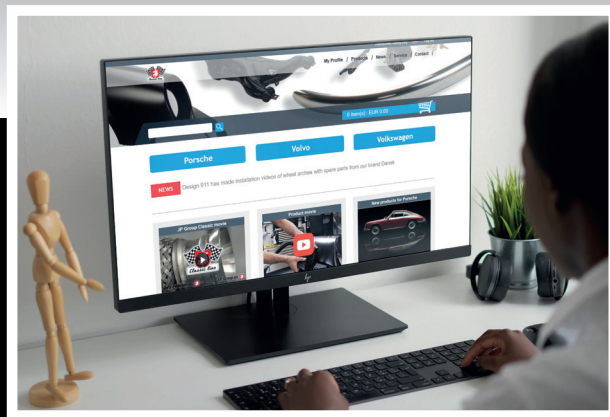

Photos from our 1.200 m² state of the art showroom in our headquarter in Viborg, Denmark. We exhibit different classic cars. We use them for development and testing purposes in our development and testing center.

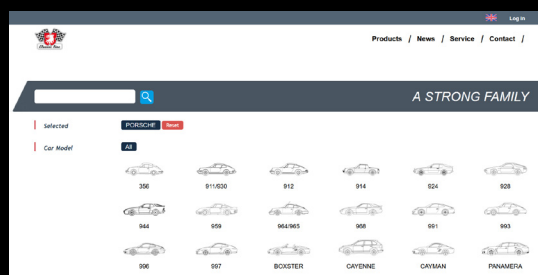

WEBSHOP AND WEBSITE

CLASSIC WEBSHOP - MORE THAN 8.000 PRODUCTS

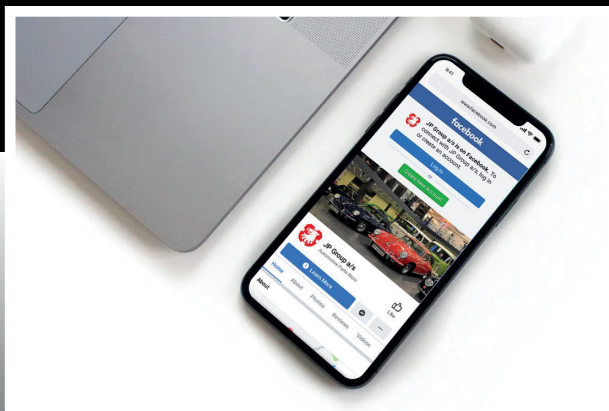

www.jpgroupclassic.com

We wish to make it easy for you to place an order. You can get access to our webshop via PC, tablets and smart phone. If you are a customer, you can login to the webshop to see prices. Under the menu My profile, you can make your own favorite list, see your backorders and so much more which makes your business with JP Group so much easier.

If you want to learn more about JP Group in general you can go to our website www.jpgroup.dk. Here you can find information about our company.

SOCIAL MEDIA

Follow JP Group on social media. We share news and updates from our own production, installation videos, stories from the daily work with our Classic brands and products and much more.

EXPLANATION TO THE CATALOGUE

We do a detailed research in order to find original and other well-known brand part numbers to add to our administrative system as valid cross reference no., so whenever available we specify the original manufacturer no. However, please note that OEM no. are only for your convenience and is for reference only and not to be understood as an OEM part! The entire classic catalogue is also fully and even more updated on our website www.jpgroupclassic.com. Please choose your vehicle VW, Porsche or Volvo after this you can enter no. according to below structure.

UNDERSTANDING THE PART NUMBERS

The JP Group part no. consists of 10 digits, e.g. 8180300480.

Digits 1 and 2 (81) indicate the main car make, in this example VW Classic.

Digits 3, 4 and 5 (803) indicate the product group, in this case body, wing front.

Digits 6, 7 and 8 (004) indicate the given part number. Numbers from 1 to 500 refers directly to the product group. Numbers from 501-999 cover items related to the product group.

Digit 9 indicates whether it is standard, set, left or right:

0 = Standard

1 = Set

5 = Left set

6 = Right set

7 = Left

8 = Right

Digit 10 indicates the product brand:

0 = Classic brands

1 = Classic brands

2 = Premium brand

3 = Alternative brand

4 = Alternative brand

5 = Alternative brand

6 = No name brand

7 = Premium brand

8 = EMPI

Example:

- 16 = Porsche
- 809 = Body part, door plates
- 002 = Given part number
- 8 = right
- 0 = Classic brand

GIVEN PART NUMBER:

8195400100

Turn signal light, fender mounted,
amber, with rubber gasket, left/right, E-marked

8195350802

Tail light lens, left/right, E-marked, HELLA

Above example:

The given part number from 1 to 500 refers directly to the product group, in this example 954 001, which is a turn signal light, front.

The given part number from 501 to 999 relates to the product group, in this example 954 506, which is a lens for turn signal, front.

EXPLANATION TO THE BRANDS

Original style exhausts and Body parts (metal stamping) • **Dansk ORIGINAL** 

Performance sports exhausts • **Dansk MOTORSPORT** 

State of the art heat exchangers and exhausts 

a) High performance and original quality exhaust systems with EEC/TÜV approvals and at aftermarket prices!

b) Our widest range of body parts in original quality for the 911 models. We have invested and still do, like nobody else in this industry, produce both “weld-on” repair panels as well as “direct OE fit” body parts such as fenders, hoods, quarter panels and gas tanks. Lately, we have started up building a wide range of body parts and gas tanks for the 356 - and 914 models.

Our high quality range of sports sports exhausts produced at your choice of painted deep draw steel or polished stainless steel. Sports exhausts mean great sound and high performance, and a great look when adding one of our tail pipes. “SOUND” systems are produced as “valve exhausts”, enabling you to drive with both original alike sound, and by using a switch, with a greater sporty sound. All produced in polished stainless steel 304 and with Pierburg quality vacuum valves.

State of the art heat exchanger and exhaust design and finish all made entirely of stainless steel AISI 304/321, meaning long life even in the severest conditions (road salt). Output is increased particularly in the low and the middle RPM ranges.

German/Danish engineering

We are original equipment supplier to Porsche®. Dansk is an OE brand name and we produce: Original standard. All produces according to the highest standards! For Porsche® 356, 912, 914, 924, 944, 911 (964, 993, 996, 997), Cayenne, Boxster, Cayman and Panamera models.

Wide program of spare parts

We have a wide program of spare parts, see them all on our webshop: www.jpgroupclassic.com
All our catalogues can be downloaded from the webshop.

DAN no.

If a part does not have an OE number originally, we will give it an OE no. (DAN no.) so that it refers to the most similar part.
